Oklahoma Sound® Power Plus Lectern

Meet your new versatile lectern! The Model #111PLS Power Plus is a functional and modern sound lectern with a standing height of 46 inches, suitable for every speaker and environment. Enjoy a spacious reading surface and ample 12.5"W x 4.25"D shelf space, providing convenient and elegant storage.

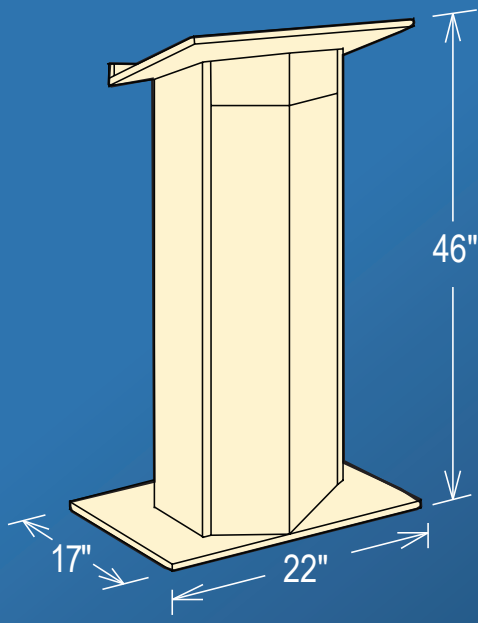

The Power Plus Lectern offers a wide range of multimedia options, including a gooseneck microphone, a tie-clip/lapel microphone with a 10' cable, and an amplifier that works with other OS optional wireless microphones. The unit also features an upgraded amplifier with Bluetooth and USB inputs. The Power Plus Lectern combines practical functionality with a premium finish to ensure successful multimedia presentations in conference rooms, meeting halls, auditoriums, cafeterias, and beyond.

Premium
Details like the large lectern surface, stationary base, and mahogany or ribbonwood color options all lend to the lectern's premium feel.

Multi-Media
Multimedia capabilities include simultaneous usage with two wired and three optional wireless microphones. Operated by either AC plug or with optional battery model PS12-V, the Power Plus Lectern features an upgraded amplifier with Bluetooth, USB and AUX inputs, in addition to outputs for extension speakers and recording devices.

Durable
With its high pressure thermal-fused laminate on an MDF core and a durable scratch-resistant surface, you can depend on the Power Plus Lectern to last, and our 10-year warranty ensures that.
